

FIRE INDUSTRY ALLIANCE- AFSPAB QUALIFICATIONS REQUIRED

11002NAT Certificate IV in Fire Systems Compliance with the appropriate stream
for endorsement

ALL – CORE

Unit Code	Unit Name
CPCCWHS2001	Apply WHS requirements, policies and procedures in the construction industry
CPCCBC4012	Read and interpret plans and specifications
CPCCCM2005	Use construction tools and equipment
NAT11002001	Identify fire safety system inspection requirements
NAT11002002	Prepare a fire protection certification statement or report

Sprinkler Systems (Domestic)

Unit Code	Unit Name
NAT11002021	Certify the installation of life safety domestic and residential fire sprinkler systems
NAT11002022	Certify the maintenance of life safety domestic and residential fire sprinkler systems

Sprinkler Systems (Unlimited)

Unit Code	Unit Name
NAT11002021	Certify the installation of life safety domestic and residential fire sprinkler systems
NAT11002022	Certify the maintenance of life safety domestic and residential fire sprinkler systems
NAT11002023	Certify the installation of commercial and industrial fire sprinkler systems
NAT11002024	Certify the maintenance of commercial and industrial fire sprinkler systems

Detection and Alarm Systems (Including EWIS and OWS)

Unit Code	Unit Name
NAT11002003	Certify the installation of fire alarms and detection systems
NAT11002004	Certify the installation of emergency warning and intercommunication systems
NAT11002005	Certify the maintenance of fire alarms and detection systems
NAT11002006	Certify the maintenance of emergency warning and intercommunication systems

Hydrants and Hose Reels (Unlimited)

Unit Code	Unit Name
NAT11002025	Certify the installation of fixed fire protection pumpsets
NAT11002026	Certify the maintenance of fixed fire protection pumpsets
NAT11002017	Certify the installation of fire hose reel systems
NAT11002018	Certify the installation of fire hydrant systems

NAT11002019	Certify the maintenance of fire hose reel systems
NAT11002020	Certify the maintenance of fire hydrant systems

Hydrants and Hose Reels (Limited to Single Pressure Zone)

Unit Code	Unit Name
NAT11002025	Certify the installation of fixed fire protection pumpsets
NAT11002026	Certify the maintenance of fixed fire protection pumpsets
NAT11002017	Certify the installation of fire hose reel systems
NAT11002018	Certify the installation of fire hydrant systems
NAT11002019	Certify the maintenance of fire hose reel systems
NAT11002020	Certify the maintenance of fire hydrant systems

Hose Reels

Unit Code	Unit Name
NAT11002017	Certify the installation of fire hose reel systems
NAT11002019	Certify the maintenance of fire hose reel systems

Applicants must hold a 11002NAT Certificate IV in Fire Systems Compliance or a qualification the Board considers is at least equivalent.
